CAPA

# CAPA

Choose the  
SOLABS QM  
electronic  
quality  
management  
system.

Be pro-active  
with a CAPA  
program that  
will truly  
support your  
quality efforts.

## Increase compliance and control levels

- ⦿ Easily initiate a CAPA process by filling out a Web form.

---
- ⦿ Attach evidence and supporting information such as investigation reports and pictures.

---
- ⦿ Track the evolution of the process in real-time with the visual workflow graphic.

---
- ⦿ Work with a CAPA workflow based on your enterprise culture.

---
- ⦿ Maintain visibility on activities with automated email notifications and reminders of to-do tasks.

---
- ⦿ Quickly obtain real-time reporting and trending on critical data such as CAPA sources and CAPA root causes.
